The best in quality we can find for the money, and a piece of furniture selected from this stock for the home makes it more cozy and comfortable and attractive as you would like to have it. Is every room in your home as complete as you would like it?

A home is not complete without a Kitchen Cabinet, and we positively know of none better than the Hoosier Kitchen Cabinet; a cabinet which costs more to build and sells for less than two-thirds of the kitchen cabinets sold today. The most sanitary cabinet ever offered; made of oak; all panels are three-ply; exposed surface waxed; 40-inch square aluminum work table; 20-lb sugar bin; bread box large and commodious; 60-pound flour bin; all points glued and a positive guarantee to satisfy.

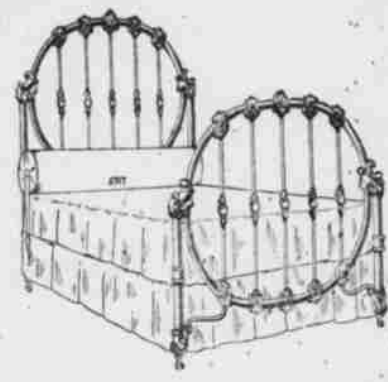

For your Dining Room we have 25 different patterns of one of the best lines of pedestal and other makes of tables on the market. A 6-foot, 45-inch top, solid oak pedestal table for only \$12.00, and a number of other good values. We have some very attractive Chinas and Buffets; patterns that please and satisfy and a finish that speaks for the quality of the goods. If you prefer a Sideboard or a combination China and Buffet, look over our line before you buy. We are sure the price and the goods will please you.

Get a Genuine Leather - Covered COUCH

or if you prefer a cheaper article, buy nothing but the Chase leather which we guarantee will serve you better than any cloth cover couch, and the same applies to our Davenports.

Why buy an Iron Bed with a cast iron socket and cast iron rail lug when we can give you the malleable for the same money, and there is positively no danger of breaking your rail fastening. How many of you have laid away good beds because of just this trouble? Look at our immense line before you select and let us tell you of this new feature. It will save you money and trouble.

A NICE THREE-PIECE PARLOR SUITE for the parlor is a furnishing strictly up to date, and to get this in leather will please much better for services than the cloth upholstery and is much easier to keep clean. Get either the Oak or the Mahogany; we have either, and especially do we invite you to compare quality and price.

THE MACEY SECTIONAL BOOK CASE is the original idea of sectional units, and if you will ask to see the way the door of a Macy Unit operates, you will see why. These we have in Golden Oak and Early English together with the writing desk sections. There are cases of other makes that combine the writing desk and book case parts of which we have a large and complete stock, together with a good assortment of Ladies' Desks.

We want your business and appreciate it and in return we strive to give you the best goods we can get. Everything in our store is marked in plain figures, and one price to every one. You can telephone for the goods and know you are getting as good a price as any one can give.
